FROM THE DESK OF THE NATIONAL PRESIDENT

GREAT NEC MEMBERS!

I want to use this opportunity of year-end and transiting into the new year 2023, to once again appreciate you all for your unalloyed support and prayers in the course of running the affairs of our great Association (FOBTOB)

You all have shown me love and affection and have also as humans, tolerated my inadequacies

Honestly, words are not enough to express my internal feelings for all you have done since we came on board about a year and seven months ago. Sincerely, I see a bond like no other.

It is said *"Those who pay respect to the great pave way for their own greatness"*. You shall all achieve greatness in Jesus' Name.

As we gradually usher in the new year 2023, I pray that Peace, Joy, Good Health, and Divine Favour shall be our portion.

We shall endeavour to complete all unfinished tasks/projects in the year 2023.

Mercy will bring favour to you without struggles and by divine mercy, you will recover without limitations

No evil will ever befall us or members of our families. You shall know neither pain nor sorrow and it shall be laughter all year through.

I wish us all a beautiful Christmas and a Happy New year of many achievements.

Solidarity Forever!

Comrade Jimoh Oyibo
National President, FOBTOB
3rd Deputy President, TUC
